Subject: request modifications to LRB 2210/1dn

Jeff, we are looking for some modifications to LRB 2210/1dn, relating to recommendations by the Select Committee on State and Local Relations. In addition to the three issues raised below, we need modifications to the language requiring state agencies to use the Enterprise Services BUS as the interface for state-deployed systems. In discussions with Matt Miszewski, Administrator of DOA's Division of Enterprise Technology, he indicated that it would be more effective for the language to specify the 'State Architectural Plan' instead of agency's strategic plans. If you have any questions regarding this provision, please feel free to contact Matt Miszewski directly, at 264-9502.

Also, Legislative Council raised three points regarding the draft, below. I'm uncertain which drafters worked on each section, so I'm sharing this email with all of the drafters listed.

- 1) SECTION 10: On page 9, line 13, it might be clearer/simpler to replace everything after the first comma with "which applies to villages as it applies to cities." -- or replace the first comma with a period and starting a new sentence: "Section 62.13 (2s) applies to villages as it applies to cities."
- 2) SECTION 19: On page 12, lines 17 to 21: now that "political subdivision" has been defined to include "county," the word "contiguous" doesn't appear to work as well. Is a county considered "contiguous" to a city or village **within** the county? Possibly adding the words ", or located within," after "contiguous to" on line 20 would work?
- 3) SECTION 41: We're uncertain how this language relates to the provisions requested in the draft. Please clarify the effect of this provision so that we can match it to the committee's recommendations.

Please feel free to contact me with any questions, and thank you all for your assistance!

No change made. -- Doesn't really solve problem. If "or located w/in" is added, it helps w/ city, village, or town that's in a county, but it does nothing for the county -- the county must be contiguous cuz the city, village, or town border is in the county -- not cuz the county is "w/in" something. ∴ if county is contig/ cuz many border is w/in the cnty, mun. must be contig/ to cnty for the same reason.

Matt,

In reviewing the statutes, I am comfortable with deleting the reference to the agency strategic plans if you and Sen. Brown are also comfortable with that. I do not find anything that specifically requires agencies to adhere to their strategic plans (although it may thwart the planning and approval process if they don't). Rather, executive branch agencies must follow policies, procedures and planning processes for the administration of IT services established by DOA [s. 16.971 (2) (a), stats.], which include the statutory strategic plans, as approved by DOA. If the standards readily augment or supplant something in the plans, it may work fine. If not, there will be a need to revise the plans.

The plans are subject to annual revision. Currently, the only amendment process for the plans is to reflect new IT development projects resulting from a newly enacted state budget [s. 16.971 (2) (L) and (Lm), stats.]. Perhaps if there is a major change, it will be implemented with enough lead time to permit the plans to be revised to accommodate the change.

Jeff,

I think that the intent of the statute was to have the State plan (which is what I was referring to as the Enterprise plan) be the overarching plan. The DOA approval process for agency plans is in fact the method we use to analyze alignment with the State plan.

And standard setting for the State is already vested in DOA, so I think this is consistent. If you think something needs to be augmented to make it very clear that DOA standards are in fact the controlling standard, I would favor that. Just not sure it is needed.

Matt,

If the intent is to have the DOA standards supercede the agency strategic IT plans, we will need to amend the statutes referencing the agency plans, which the agencies are required to follow, to say that the agencies shall not follow the plans if DOA prescribes standards that are inconsistent with the plans, but shall instead follow the DOA standards. If that's OK, I can take care of it.

Jeff,

Now I see where the confusion is. We only need the state IT plan referenced. Not the individual agency plans.

Can you just remove this reference?

"and the strategic plans of the agencies for IT utilization, as approved by DOA."

The reason why is complicated, but that would satisfy us.

Matt,

I am sorry we have been unable to connect personally.

Here's the issue: Section 1 of LRB-2210/1 directs DOA to prescribe standards for data, application and business process integration that must be used by state executive branch agencies, to the extent consistent with the state strategic plan for IT utilization and the strategic plans of the agencies for IT utilization, as approved by DOA. The standards must also enable local governments to integrate their data, application and business processes into state systems whenever feasible.

I understand that you want to delete the references to the statewide and agency strategic plans and substitute a reference to the "enterprise information technology plan". This plan is not referenced in the statutes. I believe this plan is the same thing as the state IT strategic plan, which is referenced in the statutes [s. 16.971 (2) (m), stats.] and in the draft. Therefore, I believe the draft may be OK as is. If not, I don't understand what more is wanted.

Analysis by the Legislative Reference Bureau**ELEMENTARY AND SECONDARY EDUCATION**

This bill makes a variety of changes to the laws governing elementary and secondary education, including:

1. Currently, a school board must pay the tuition of a pupil enrolled in the school district who attends the University of Wisconsin System if the course that the pupil is taking is not offered in the school district, the pupil will receive high school credit for the course, and the pupil is not participating in the Youth Options Program. This bill ~~eliminates this requirement~~.

2. Current law requires each public and private school to file a report annually pertaining to fire drills with the Department of Commerce and with the local fire department. This bill eliminates this requirement. The bill requires each public and private school to keep a record of each fire drill for at least seven years.

3. Current law directs each school board to adopt rules prohibiting a pupil from using or possessing a paging or two-way communication device while on school premises. This bill allows, but does not require, a school board to adopt such rules.

4. Current law requires a school board to report school bus accidents to the Department of Public Instruction (DPI). This bill eliminates this requirement.

5. Current law requires a school district to report to DPI when the school district contracts with another school district to acquire or use the latter district's facilities or equipment. This bill eliminates this requirement but requires each school board to adopt a policy on these contracts.

6. This bill eliminates the requirement that a school board annually adopt a policy on access to extracurricular and recreational school programs and activities.

7. This bill eliminates the requirement that DPI coordinate the exchange of teachers.

8. This bill eliminates the requirement that DPI promote public awareness of, access to, and training of health professionals for rural and underserved urban areas.

9. This bill eliminates the requirement that school boards maintain a mailbox for each school located on a rural mail route.

10. This bill eliminates the requirement that DPI report to the legislature every three years on all cooperative educational service agency programs and services.

LOCAL LAW ENFORCEMENT

Generally under current law, each city is required to have a board of police and fire commissioners. The board is required to appoint the chief of police and the chief of the fire department, and the chiefs are required to appoint subordinates subject to approval by the board. Also under current law, a village with a population of 5,000 or more is required to provide police protection by creating its own police department,

allows a school board to pay a pupil's tuition in these circumstances, but does not require it

BILL

by contracting for police protective services with a city, village, town, or county, or by creating a joint police department with a city, village, or town.

Current law authorizes a county to exercise any of its powers to provide services, such as water, sewer, streets and highways, fire, police, and health, in any municipality (city, village, or town), or part of a municipality that is located in the county, upon the request of the municipality. The municipality may adopt a resolution designating the function it would like the county to assume and the terms under which the power shall be exercised. If the county board approves the resolution, the county may then exercise the designated function in the municipality, and the county and municipality may enter into a contract under which the municipality agrees to appropriate money to the county to pay for the service to be provided by the county.

This bill specifically authorizes a city, or a village, to abolish its police department if it enters into a contract with a county for the sheriff to provide law enforcement services in all parts of the city or village. If a city or village is in more than one county, the city or village must enter into a contract with the county in which the greatest amount of the city's, or village's, equalized value, population, or territory is located.

Before a city or village may enter into such a contract, the common council or village board must adopt a resolution requesting that the county provide police protective services and stating that the services are to be provided exclusively by the county, and the county must approve the resolution. The contract must address at least the following issues:

1. The division of the city's assets and liabilities that relate to the city's police department.
2. A description of the level of services that the county will provide and the amount that the city will pay for the services.
3. A procedure for the city to request, or require, additional law enforcement services and the amount that the city will have to pay for the services.
4. The term of the agreement and procedures for the renewal, extension, or termination of the agreement.

No agreement that is entered into may take effect before the termination of any collective bargaining agreement that covers the city's police department employees.

The bill also provides that if a city or village and a county enter into a contract for the county to provide law enforcement services a sheriff is required, for approximately two years after the contract takes effect, and to the greatest extent possible, to hire any additional deputies that are needed from the ranks of former police officers who lost their positions when their departments were abolished. This requirement on a sheriff applies notwithstanding any current law provisions governing the hiring of deputies, such as a requirement that deputies be hired from a list of persons with the highest scores on a civil service exam, although the requirement does not apply to the extent that it conflicts with a collective bargaining agreement between a county and its employees.

BILL

The bill also authorizes, but does not require, a village with a population of under 5,000 to provide police protection services to the same extent as villages with a population of at least 5,000 are required to provide.

MUNICIPAL, COUNTY REVENUE SHARING

Under current law, municipalities may enter into agreements to share revenues from taxes and special charges with other municipalities and with federally recognized American Indian tribes or bands. No municipality may enter into an agreement with one or more municipalities unless the municipality is contiguous to at least one other municipality that enters into the agreement.

A municipal revenue sharing agreement must meet a number of conditions. It must:

1. Be for a minimum term of ten years.
2. Describe the boundaries of the area within which the revenues are to be shared in the agreement.
3. Describe the formula or other means of determining the amount of revenues to be shared under the agreement.
4. Specify the date or dates upon which revenues agreed to be shared are to be paid to the appropriate municipality.
5. Specify how the agreement may be invalidated after the expiration of the minimum ten-year term.

An agreement under current law may address any other necessary and proper matters, including any agreements with respect to services or agreements with respect to municipal boundaries. Current law also requires that at least 30 days before entering into an agreement the participating municipality must hold a public hearing on the proposed agreement (public hearing notice requirements are specified). In addition, current law provides that an advisory referendum on a proposed agreement may be called either by the governing body of the participating municipality or by the qualified electors of a participating municipality. In the latter case, a petition, signed by a number of qualified electors equal to at least 10 percent of the votes cast for governor in a municipality at the last gubernatorial election must be timely filed. Time limits and notice requirements are provided for the advisory referendum.

This bill modifies current law by authorizing a county to enter into a revenue sharing agreement with another county or a municipality or federally recognized American Indian tribe or band.

CITY HEALTH DEPARTMENTS

Currently, under the public health laws, a local health department in a county other than Milwaukee County is defined to include a city health department that was established before January 1, 1994. Also, in such a county, a city health department may participate with the county in a joint city-county health department or may participate with another city in a city-city health department. A city health department that participates in a city-county or city-city health department may withdraw by giving notice at least a year before the start of the fiscal year in which the withdrawal takes effect. This bill modifies the definition of a local health department in a county other than Milwaukee County to provide for a city health

BILL

department that has withdrawn from participation as a city-county or city-city health department.

INFORMATION TECHNOLOGY INTEGRATION STANDARDS

Currently, the Department of Administration (DOA) is directed to develop and maintain procedures to ensure information technology resource planning and sharing between executive branch agencies. The procedures must ensure interconnection of information technology resources if interconnection is consistent with the strategic plans of the agencies for utilization of information technology, as approved by DOA. This bill directs DOA to prescribe standards for data, application, and business process integration that must be used by executive branch agencies, to the extent consistent with ~~their strategic plans~~ for information technology utilization, and that enable local governments in this state to integrate their data, application, and business processes into state systems whenever feasible.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 16.971 (2) (cm) of the statutes is created to read:

2 16.971 (2) (cm) Prescribe standards for data, application, and business process
3 integration that shall be used by executive branch agencies, to the extent consistent
4 with ~~strategic plans~~ *the statewide strategic plan* formulated under ~~pars (l) and (m)~~ *par.*, and that enable local
5 governmental units to integrate their data, application, and business processes into
6 state systems whenever feasible.

7 **SECTION 2.** 59.03 (2) (c) of the statutes is amended to read:

8 59.03 (2) (c) Whenever the request under par. (a) or acceptance under par. (b)
9 of a municipality ~~shall be~~ is by resolution of its governing board, ~~such~~ the request or
10 acceptance shall not go into effect until the expiration of 60 days from the adoption
11 of the resolution or, in the case of county law enforcement services provided to a city
12 as described in s. 62.13 (2s), as provided in s. 62.13 (2s) (d). If a petition under s. 9.20
13 for direct legislation on the request or acceptance ~~shall be~~ is filed before the

BILL**SECTION 2**

1 expiration of said 60 days, the resolution of the governing board ~~shall be~~ is of no effect
2 but the request or acceptance of such municipality shall be determined by direct
3 legislation, except that no petition for direct legislation under s. 9.20 may be filed to
4 approve or reject a contract entered into by a city and a county under s. 62.13 (2s).

5 **SECTION 3.** 59.26 (1) (intro.) of the statutes is amended to read:

6 59.26 (1) (intro.) Within 10 days after entering upon the duties of the office of
7 sheriff, the sheriff shall appoint some proper person, who is a resident of the county,
8 undersheriff. However, in counties with a population of 500,000 or more the
9 appointment of an undersheriff is optional. In counties where the sheriff's
10 department is under civil service, the sheriff, in conformity with county ordinance,
11 may, at the request of the affected deputy, grant a leave of absence to a deputy sheriff
12 who the sheriff has appointed undersheriff, or to any other position in the sheriff's
13 department, upon the deputy's acceptance of the appointment. Any deputy in a
14 county under civil service granted leave of absence under this subsection upon
15 completion of the appointive position shall immediately be returned to the position
16 of deputy sheriff and shall continue therein without loss of any rights under the civil
17 service law. The sheriff, however, may not grant such leave of absence to a deputy
18 sheriff until the sheriff first secures the consent of the board by resolution duly
19 adopted by the board. Within 10 days after entering upon the duties of the office of
20 sheriff, the sheriff shall also appoint, subject to sub. (10), deputy sheriffs for the
21 county as follows:

22 **SECTION 4.** 59.26 (2) of the statutes is amended to read:

23 59.26 (2) The Subject to sub. (10), the sheriff may appoint as many other
24 deputies as the sheriff considers proper.

25 **SECTION 5.** 59.26 (3) of the statutes is amended to read:

BILL

1 59.26 (3) The Subject to sub. (10), the sheriff may fill vacancies in the office of
2 any such appointee, and he or she may appoint a person to take the place of any
3 undersheriff or deputy who becomes incapable of executing the duties of that office.

4 **SECTION 6.** 59.26 (8) (a) of the statutes is amended to read:

5 59.26 (8) (a) In any county with a population of less than 500,000, the board,
6 by ordinance, may fix the number of deputy sheriffs to be appointed in that county
7 at not less than that number required by sub. (1) (a) and (b) and may set the salary
8 of those deputies. The Subject to sub. (10), the board may provide by ordinance that
9 deputy sheriff positions be filled by appointment by the sheriff from a list of all
10 persons with the 3 highest scores for each position based on a competitive
11 examination. Such competitive examinations may be by a county civil service
12 commission or by the division of merit recruitment and selection in the office of state
13 employment relations at the option of the board and it shall so provide by ordinance.
14 The division of merit recruitment and selection in the office of state employment
15 relations shall, upon request of the board, conduct such examination according to the
16 methods used in examinations for the state civil service and shall certify an eligible
17 list of the names of all persons with the 3 highest scores on that examination for each
18 position to the sheriff of that county who shall, subject to sub. (10), make an
19 appointment from that list to fill the position within 10 days after he or she receives
20 the eligible list. The county for which such examination is conducted shall pay the
21 cost of that examination. If a civil service commission is decided upon for the
22 selection of deputy sheriffs, then ss. 63.01 to 63.17 shall apply so far as consistent
23 with this subsection, except ss. 63.03, 63.04 and 63.15 and except the provision
24 governing minimum compensation of the commissioners. The ordinance or an
25 amending ordinance may provide for employee grievance procedures and

BILL

1 disciplinary actions, for hours of work, for tours of duty according to seniority and for
2 other administrative regulations. Any board provision consistent with this
3 paragraph and existing on July 25, 1951, is validated. If the sheriff fills a deputy
4 sheriff position by promotion, the sheriff shall, subject to sub. (10), make the
5 appointment to the position from a list of 3 deputy sheriffs who receive the highest
6 scores in a competitive examination. Such competitive examinations may be by a
7 county civil service commission or by the division of merit recruitment and selection
8 in the office of state employment relations at the option of the board and it shall so
9 provide by ordinance.

10 **SECTION 7.** 59.26 (10) of the statutes is created to read:

11 59.26 (10) (a) Notwithstanding the provisions in subs. (1) (intro.), (2), (3), and
12 (8) (a), and subject to par. (b), if a county provides law enforcement services to a city
13 or village under ss. 59.03 (2) (e) and 62.13 (2s) and if the sheriff appoints additional
14 deputies under sub. (2) to provide the services, the sheriff shall, to the greatest extent
15 possible, fill the additional deputy positions from the ranks of former police officers
16 who lost their positions when their department was abolished under s. 62.13 (2s) (a).
17 With regard to each contract that is entered into under s. 59.03 (2) (e), this provision
18 does not apply on or after the first day of the 25th month beginning after the contract
19 takes effect in the county.

20 (b) Paragraph (a) applies only to the extent that it is not inconsistent with any
21 collective bargaining agreement that is in effect between a county and its employees.

22 **SECTION 8.** 59.27 (13) of the statutes is created to read:

23 59.27 (13) Enforce all city, or village, ordinances in a city, or village, in which
24 the sheriff provides law enforcement services under a contract described under s.
25 62.13 (2s) (a).

BILL

1 **SECTION 9.** 61.65 (1) (a) (intro.) of the statutes is amended to read:

2 61.65 (1) (a) (intro.) Except as provided under s. 61.66, each village with a
3 population of 5,000 or more shall, and each village with a population of under 5,000
4 may, provide police protection services by one of the following methods:

5 **SECTION 10.** 61.65 (1) (a) 4. of the statutes is created to read:

6 61.65 (1) (a) 4. Abolishing its police department and entering into a contract
7 with a county under s. 59.03 (2) (e) for the county sheriff to provide law enforcement
8 services in all parts of the village. If the village is located in more than one county,
9 it may not abolish its police department under this subdivision unless the village
10 enters into a contract under this subdivision with the county in which the greatest
11 amount of the village's equalized value, population, or territory is located. If a village
12 wishes to abolish its police department under this subdivision, it shall act under s.
13 62.13 (2s), and s. 62.13 (2s), as it applies to cities, applies to villages.

14 **SECTION 11.** 62.09 (1) (a) of the statutes is amended to read:

15 62.09 (1) (a) The officers shall be a mayor, treasurer, clerk, comptroller,
16 attorney, engineer, one or more assessors unless the city is assessed by a county
17 assessor under s. 70.99, one or more constables as determined by the common
18 council, a local health officer, as defined in s. 250.01 (5), or local board of health, as
19 defined in s. 250.01 (3), street commissioner, board of police and fire commissioners
20 except in cities where not applicable, chief of police except in a city that has abolished
21 its police department under s. 62.13 (2s), chief of the fire department, board of public
22 works, 2 alderpersons from each aldermanic district, and such other officers or
23 boards as are created by law or by the council. If one alderperson from each
24 aldermanic district is provided under s. 66.0211 (1), the council may, by ordinance
25 adopted by a two-thirds vote of all its members and approved by the electors at a

BILL**SECTION 11**

1 general or special election, provide that there shall be 2 alderpersons from each
2 aldermanic district.

3 **SECTION 12.** 62.13 (1) of the statutes is amended to read:

4 62.13 (1) COMMISSIONERS. Except as provided in ~~sub.~~ subs. (2m) and (2s), each
5 city shall have a board of police and fire commissioners consisting of 5 citizens, 3 of
6 whom shall constitute a quorum. The mayor shall annually, between the last
7 Monday of April and the first Monday of May, appoint in writing to be filed with the
8 secretary of the board, one member for a term of 5 years. No appointment shall be
9 made which will result in more than 3 members of the board belonging to the same
10 political party. The board shall keep a record of its proceedings.

11 **SECTION 13.** 62.13 (2s) of the statutes is created to read:

12 62.13 (2s) ABOLITION OF POLICE DEPARTMENT, COUNTY LAW ENFORCEMENT. (a)
13 Subject to pars. (b) to (d), a city may abolish its police department if it enters into a
14 contract with a county under s. 59.03 (2) (e) for the county sheriff to provide law
15 enforcement services in all parts of the city. If the city is located in more than one
16 county, it may not abolish its police department under this paragraph unless the city
17 enters into a contract under this paragraph with the county in which the greatest
18 amount of the city's equalized value, population or territory is located.

19 (b) If a city wishes to contract with a sheriff for law enforcement services, the
20 common council shall adopt a resolution, as described under s. 59.03 (2) (a),
21 requesting that such services be provided. The resolution shall provide that such
22 services are to be provided exclusively by the county.

23 (c) The contract described under par. (a) shall address at least all of the
24 following elements:

BILL

1 1. The division, with the county, of the city's assets and liabilities that relate
2 to the city's police department and the amount that the county will pay, if any, for
3 such assets.

4 2. A description of the level of law enforcement and the number of deputies that
5 the county will provide to the city and the amount that the city will pay for the

Analysis by the Legislative Reference Bureau**ELEMENTARY AND SECONDARY EDUCATION**

This bill makes a variety of changes to the laws governing elementary and secondary education, including:

1. Currently, a school board must pay the tuition of a pupil enrolled in the school district who attends the University of Wisconsin System if the course that the pupil is taking is not offered in the school district, the pupil will receive high school credit for the course, and the pupil is not participating in the Youth Options Program. This bill allows a school board to pay a pupil's tuition in these circumstances, but does not require it.

2. Current law requires each public and private school to file a report annually pertaining to fire drills with the Department of Commerce and with the local fire department. This bill eliminates this requirement. The bill requires each public and private school to keep a record of each fire drill for at least seven years.

3. Current law directs each school board to adopt rules prohibiting a pupil from using or possessing a paging or two-way communication device while on school premises. This bill allows, but does not require, a school board to adopt such rules.

4. Current law requires a school board to report school bus accidents to the Department of Public Instruction (DPI). This bill eliminates this requirement.

5. Current law requires a school district to report to DPI when the school district contracts with another school district to acquire or use the latter district's facilities or equipment. This bill eliminates this requirement but requires each school board to adopt a policy on these contracts.

6. This bill eliminates the requirement that a school board annually adopt a policy on access to extracurricular and recreational school programs and activities.

7. This bill eliminates the requirement that DPI coordinate the exchange of teachers.

8. This bill eliminates the requirement that DPI promote public awareness of, access to, and training of health professionals for rural and underserved urban areas.

9. This bill eliminates the requirement that school boards maintain a mailbox for each school located on a rural mail route.

10. This bill eliminates the requirement that DPI report to the legislature every three years on all cooperative educational service agency programs and services.

LOCAL LAW ENFORCEMENT

Generally under current law, each city is required to have a board of police and fire commissioners. The board is required to appoint the chief of police and the chief of the fire department, and the chiefs are required to appoint subordinates subject to approval by the board. Also under current law, a village with a population of 5,000 or more is required to provide police protection by creating its own police department,

BILL

by contracting for police protective services with a city, village, town, or county, or by creating a joint police department with a city, village, or town.

Current law authorizes a county to exercise any of its powers to provide services, such as water, sewer, streets and highways, fire, police, and health, in any municipality (city, village, or town), or part of a municipality that is located in the county, upon the request of the municipality. The municipality may adopt a resolution designating the function it would like the county to assume and the terms under which the power shall be exercised. If the county board approves the resolution, the county may then exercise the designated function in the municipality, and the county and municipality may enter into a contract under which the municipality agrees to appropriate money to the county to pay for the service to be provided by the county.

This bill specifically authorizes a city, or a village, to abolish its police department if it enters into a contract with a county for the sheriff to provide law enforcement services in all parts of the city or village. If a city or village is in more than one county, the city or village must enter into a contract with the county in which the greatest amount of the city's, or village's, equalized value, population, or territory is located.

Before a city or village may enter into such a contract, the common council or village board must adopt a resolution requesting that the county provide police protective services and stating that the services are to be provided exclusively by the county, and the county must approve the resolution. The contract must address at least the following issues:

1. The division of the city's assets and liabilities that relate to the city's police department.
2. A description of the level of services that the county will provide and the amount that the city will pay for the services.
3. A procedure for the city to request, or require, additional law enforcement services and the amount that the city will have to pay for the services.
4. The term of the agreement and procedures for the renewal, extension, or termination of the agreement.

No agreement that is entered into may take effect before the termination of any collective bargaining agreement that covers the city's police department employees.

The bill also provides that if a city or village and a county enter into a contract for the county to provide law enforcement services a sheriff is required, for approximately two years after the contract takes effect, and to the greatest extent possible, to hire any additional deputies that are needed from the ranks of former police officers who lost their positions when their departments were abolished. This requirement on a sheriff applies notwithstanding any current law provisions governing the hiring of deputies, such as a requirement that deputies be hired from a list of persons with the highest scores on a civil service exam, although the requirement does not apply to the extent that it conflicts with a collective bargaining agreement between a county and its employees.

BILL

The bill also authorizes, but does not require, a village with a population of under 5,000 to provide police protection services to the same extent as villages with a population of at least 5,000 are required to provide.

MUNICIPAL, COUNTY REVENUE SHARING

Under current law, municipalities may enter into agreements to share revenues from taxes and special charges with other municipalities and with federally recognized American Indian tribes or bands. No municipality may enter into an agreement with one or more municipalities unless the municipality is contiguous to at least one other municipality that enters into the agreement.

A municipal revenue sharing agreement must meet a number of conditions. It must:

1. Be for a minimum term of ten years.
2. Describe the boundaries of the area within which the revenues are to be shared in the agreement.
3. Describe the formula or other means of determining the amount of revenues to be shared under the agreement.
4. Specify the date or dates upon which revenues agreed to be shared are to be paid to the appropriate municipality.
5. Specify how the agreement may be invalidated after the expiration of the minimum ten-year term.

An agreement under current law may address any other necessary and proper matters, including any agreements with respect to services or agreements with respect to municipal boundaries. Current law also requires that at least 30 days before entering into an agreement the participating municipality must hold a public hearing on the proposed agreement (public hearing notice requirements are specified). In addition, current law provides that an advisory referendum on a proposed agreement may be called either by the governing body of the participating municipality or by the qualified electors of a participating municipality. In the latter case, a petition, signed by a number of qualified electors equal to at least 10 percent of the votes cast for governor in a municipality at the last gubernatorial election must be timely filed. Time limits and notice requirements are provided for the advisory referendum.

This bill modifies current law by authorizing a county to enter into a revenue sharing agreement with another county or a municipality or federally recognized American Indian tribe or band.

CITY HEALTH DEPARTMENTS

Currently, under the public health laws, a local health department in a county other than Milwaukee County is defined to include a city health department that was established before January 1, 1994. Also, in such a county, a city health department may participate with the county in a joint city-county health department or may participate with another city in a city-city health department. A city health department that participates in a city-county or city-city health department may withdraw by giving notice at least a year before the start of the fiscal year in which the withdrawal takes effect. This bill modifies the definition of a local health department in a county other than Milwaukee County to provide for a city health

BILL

department that has withdrawn from participation as a city-county or city-city health department.

INFORMATION TECHNOLOGY INTEGRATION STANDARDS

Currently, the Department of Administration (DOA) is directed to develop and maintain procedures to ensure information technology resource planning and sharing between executive branch agencies. The procedures must ensure interconnection of information technology resources if interconnection is consistent with the strategic plans of the agencies for utilization of information technology, as approved by DOA. This bill directs DOA to prescribe standards for data, application, and business process integration that must be used by executive branch agencies, to the extent consistent with the statewide strategic plan for information technology utilization, and that enable local governments in this state to integrate their data, application, and business processes into state systems whenever feasible.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 16.971 (2) (cm) of the statutes is created to read:

2 16.971 (2) (cm) Prescribe standards for data, application, and business process
3 integration that shall be used by executive branch agencies, to the extent consistent
4 with the statewide strategic plan formulated under par. (m), and that enable local
5 governmental units to integrate their data, application, and business processes into
6 state systems whenever feasible.

7 **SECTION 2.** 59.03 (2) (c) of the statutes is amended to read:

8 59.03 (2) (c) Whenever the request under par. (a) or acceptance under par. (b)
9 of a municipality ~~shall be~~ is by resolution of its governing board, ~~such~~ the request or
10 acceptance shall not go into effect until the expiration of 60 days from the adoption
11 of the resolution or, in the case of county law enforcement services provided to a city
12 as described in s. 62.13 (2s), as provided in s. 62.13 (2s) (d). If a petition under s. 9.20
13 for direct legislation on the request or acceptance ~~shall be~~ is filed before the

BILL**SECTION 2**

1 expiration of said 60 days, the resolution of the governing board ~~shall be~~ is of no effect
2 but the request or acceptance of such municipality shall be determined by direct
3 legislation, except that no petition for direct legislation under s. 9.20 may be filed to
4 approve or reject a contract entered into by a city and a county under s. 62.13 (2s).

5 **SECTION 3.** 59.26 (1) (intro.) of the statutes is amended to read:

6 59.26 (1) (intro.) Within 10 days after entering upon the duties of the office of
7 sheriff, the sheriff shall appoint some proper person, who is a resident of the county,
8 undersheriff. However, in counties with a population of 500,000 or more the
9 appointment of an undersheriff is optional. In counties where the sheriff's
10 department is under civil service, the sheriff, in conformity with county ordinance,
11 may, at the request of the affected deputy, grant a leave of absence to a deputy sheriff
12 who the sheriff has appointed undersheriff, or to any other position in the sheriff's
13 department, upon the deputy's acceptance of the appointment. Any deputy in a
14 county under civil service granted leave of absence under this subsection upon
15 completion of the appointive position shall immediately be returned to the position
16 of deputy sheriff and shall continue therein without loss of any rights under the civil
17 service law. The sheriff, however, may not grant such leave of absence to a deputy
18 sheriff until the sheriff first secures the consent of the board by resolution duly
19 adopted by the board. Within 10 days after entering upon the duties of the office of
20 sheriff, the sheriff shall also appoint, subject to sub. (10), deputy sheriffs for the
21 county as follows:

22 **SECTION 4.** 59.26 (2) of the statutes is amended to read:

23 59.26 (2) The Subject to sub. (10), the sheriff may appoint as many other
24 deputies as the sheriff considers proper.

25 **SECTION 5.** 59.26 (3) of the statutes is amended to read:

BILL

1 59.26 (3) The Subject to sub. (10), the sheriff may fill vacancies in the office of
2 any such appointee, and he or she may appoint a person to take the place of any
3 undersheriff or deputy who becomes incapable of executing the duties of that office.

4 **SECTION 6.** 59.26 (8) (a) of the statutes is amended to read:

5 59.26 (8) (a) In any county with a population of less than 500,000, the board,
6 by ordinance, may fix the number of deputy sheriffs to be appointed in that county
7 at not less than that number required by sub. (1) (a) and (b) and may set the salary
8 of those deputies. The Subject to sub. (10), the board may provide by ordinance that
9 deputy sheriff positions be filled by appointment by the sheriff from a list of all
10 persons with the 3 highest scores for each position based on a competitive
11 examination. Such competitive examinations may be by a county civil service
12 commission or by the division of merit recruitment and selection in the office of state
13 employment relations at the option of the board and it shall so provide by ordinance.
14 The division of merit recruitment and selection in the office of state employment
15 relations shall, upon request of the board, conduct such examination according to the
16 methods used in examinations for the state civil service and shall certify an eligible
17 list of the names of all persons with the 3 highest scores on that examination for each
18 position to the sheriff of that county who shall, subject to sub. (10), make an
19 appointment from that list to fill the position within 10 days after he or she receives
20 the eligible list. The county for which such examination is conducted shall pay the
21 cost of that examination. If a civil service commission is decided upon for the
22 selection of deputy sheriffs, then ss. 63.01 to 63.17 shall apply so far as consistent
23 with this subsection, except ss. 63.03, 63.04 and 63.15 and except the provision
24 governing minimum compensation of the commissioners. The ordinance or an
25 amending ordinance may provide for employee grievance procedures and

BILL**SECTION 6**

1 disciplinary actions, for hours of work, for tours of duty according to seniority and for
2 other administrative regulations. Any board provision consistent with this
3 paragraph and existing on July 25, 1951, is validated. If the sheriff fills a deputy
4 sheriff position by promotion, the sheriff shall, subject to sub. (10), make the
5 appointment to the position from a list of 3 deputy sheriffs who receive the highest
6 scores in a competitive examination. Such competitive examinations may be by a
7 county civil service commission or by the division of merit recruitment and selection
8 in the office of state employment relations at the option of the board and it shall so
9 provide by ordinance.

10 **SECTION 7.** 59.26 (10) of the statutes is created to read:

11 59.26 (10) (a) Notwithstanding the provisions in subs. (1) (intro.), (2), (3), and
12 (8) (a), and subject to par. (b), if a county provides law enforcement services to a city
13 or village under ss. 59.03 (2) (e) and 62.13 (2s) and if the sheriff appoints additional
14 deputies under sub. (2) to provide the services, the sheriff shall, to the greatest extent
15 possible, fill the additional deputy positions from the ranks of former police officers
16 who lost their positions when their department was abolished under s. 62.13 (2s) (a).
17 With regard to each contract that is entered into under s. 59.03 (2) (e), this provision
18 does not apply on or after the first day of the 25th month beginning after the contract
19 takes effect in the county.

20 (b) Paragraph (a) applies only to the extent that it is not inconsistent with any
21 collective bargaining agreement that is in effect between a county and its employees.

Analysis by the Legislative Reference Bureau**ELEMENTARY AND SECONDARY EDUCATION**

This bill makes a variety of changes to the laws governing elementary and secondary education, including:

1. Currently, a school board must pay the tuition of a pupil enrolled in the school district who attends the University of Wisconsin System if the course that the pupil is taking is not offered in the school district, the pupil will receive high school credit for the course, and the pupil is not participating in the Youth Options Program. This bill allows a school board to pay a pupil's tuition in these circumstances, but does not require it.

2. Current law requires each public and private school to file a report annually pertaining to fire drills with the Department of Commerce and with the local fire department. This bill eliminates this requirement. The bill requires each public and private school to keep a record of each fire drill for at least seven years.

3. Current law directs each school board to adopt rules prohibiting a pupil from using or possessing a paging or two-way communication device while on school premises. This bill allows, but does not require, a school board to adopt such rules.

4. Current law requires a school board to report school bus accidents to the Department of Public Instruction (DPI). This bill eliminates this requirement.

5. Current law requires a school district to report to DPI when the school district contracts with another school district to acquire or use the latter district's facilities or equipment. This bill eliminates this requirement but requires each school board to adopt a policy on these contracts.

6. This bill eliminates the requirement that a school board annually adopt a policy on access to extracurricular and recreational school programs and activities.

7. This bill eliminates the requirement that DPI coordinate the exchange of teachers.

8. This bill eliminates the requirement that DPI promote public awareness of, access to, and training of health professionals for rural and underserved urban areas.

9. This bill eliminates the requirement that school boards maintain a mailbox for each school located on a rural mail route.

10. This bill eliminates the requirement that DPI report to the legislature every three years on all cooperative educational service agency programs and services.

LOCAL LAW ENFORCEMENT

Generally under current law, each city is required to have a board of police and fire commissioners. The board is required to appoint the chief of police and the chief of the fire department, and the chiefs are required to appoint subordinates subject to approval by the board. Also under current law, a village with a population of 5,000 or more is required to provide police protection by creating its own police department,

BILL

by contracting for police protective services with a city, village, town, or county, or by creating a joint police department with a city, village, or town.

Current law authorizes a county to exercise any of its powers to provide services, such as water, sewer, streets and highways, fire, police, and health, in any municipality (city, village, or town), or part of a municipality that is located in the county, upon the request of the municipality. The municipality may adopt a resolution designating the function it would like the county to assume and the terms under which the power shall be exercised. If the county board approves the resolution, the county may then exercise the designated function in the municipality, and the county and municipality may enter into a contract under which the municipality agrees to appropriate money to the county to pay for the service to be provided by the county.

This bill specifically authorizes a city, or a village, to abolish its police department if it enters into a contract with a county for the sheriff to provide law enforcement services in all parts of the city or village. If a city or village is in more than one county, the city or village must enter into a contract with the county in which the greatest amount of the city's, or village's, equalized value, population, or territory is located.

Before a city or village may enter into such a contract, the common council or village board must adopt a resolution requesting that the county provide police protective services and stating that the services are to be provided exclusively by the county, and the county must approve the resolution. The contract must address at least the following issues:

1. The division of the city's assets and liabilities that relate to the city's police department.
2. A description of the level of services that the county will provide and the amount that the city will pay for the services.
3. A procedure for the city to request, or require, additional law enforcement services and the amount that the city will have to pay for the services.
4. The term of the agreement and procedures for the renewal, extension, or termination of the agreement.

No agreement that is entered into may take effect before the termination of any collective bargaining agreement that covers the city's police department employees.

The bill also provides that if a city or village and a county enter into a contract for the county to provide law enforcement services a sheriff is required, for approximately two years after the contract takes effect, and to the greatest extent possible, to hire any additional deputies that are needed from the ranks of former police officers who lost their positions when their departments were abolished. This requirement on a sheriff applies notwithstanding any current law provisions governing the hiring of deputies, such as a requirement that deputies be hired from a list of persons with the highest scores on a civil service exam, although the requirement does not apply to the extent that it conflicts with a collective bargaining agreement between a county and its employees.

BILL

The bill also authorizes, but does not require, a village with a population of under 5,000 to provide police protection services to the same extent as villages with a population of at least 5,000 are required to provide.

MUNICIPAL, COUNTY REVENUE SHARING

Under current law, municipalities may enter into agreements to share revenues from taxes and special charges with other municipalities and with federally recognized American Indian tribes or bands. No municipality may enter into an agreement with one or more municipalities unless the municipality is contiguous to at least one other municipality that enters into the agreement.

A municipal revenue sharing agreement must meet a number of conditions. It must:

1. Be for a minimum term of ten years.
2. Describe the boundaries of the area within which the revenues are to be shared in the agreement.
3. Describe the formula or other means of determining the amount of revenues to be shared under the agreement.
4. Specify the date or dates upon which revenues agreed to be shared are to be paid to the appropriate municipality.
5. Specify how the agreement may be invalidated after the expiration of the minimum ten-year term.

An agreement under current law may address any other necessary and proper matters, including any agreements with respect to services or agreements with respect to municipal boundaries. Current law also requires that at least 30 days before entering into an agreement the participating municipality must hold a public hearing on the proposed agreement (public hearing notice requirements are specified). In addition, current law provides that an advisory referendum on a proposed agreement may be called either by the governing body of the participating municipality or by the qualified electors of a participating municipality. In the latter case, a petition, signed by a number of qualified electors equal to at least 10 percent of the votes cast for governor in a municipality at the last gubernatorial election must be timely filed. Time limits and notice requirements are provided for the advisory referendum.

This bill modifies current law by authorizing a county to enter into a revenue sharing agreement with another county or a municipality or federally recognized American Indian tribe or band.

CITY HEALTH DEPARTMENTS

Currently, under the public health laws, a local health department in a county other than Milwaukee County is defined to include a city health department that was established before January 1, 1994. Also, in such a county, a city health department may participate with the county in a joint city-county health department or may participate with another city in a city-city health department. A city health department that participates in a city-county or city-city health department may withdraw by giving notice at least a year before the start of the fiscal year in which the withdrawal takes effect. This bill modifies the definition of a local health department in a county other than Milwaukee County to provide for a city health

BILL

department that has withdrawn from participation as a city-county or city-city health department.

INFORMATION TECHNOLOGY INTEGRATION STANDARDS

Currently, the Department of Administration (DOA) is directed to develop and maintain procedures to ensure information technology resource planning and sharing between executive branch agencies. The procedures must ensure interconnection of information technology resources if interconnection is consistent with the strategic plans of the agencies for utilization of information technology, as approved by DOA. This bill directs DOA to prescribe standards for data, application, and business process integration that must be used by executive branch agencies, to the extent consistent with the statewide strategic plan for information technology utilization, and that enable local governments in this state to integrate their data, application, and business processes into state systems whenever feasible.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

6 59.26 (1) (intro.) Within 10 days after entering upon the duties of the office of
7 sheriff, the sheriff shall appoint some proper person, who is a resident of the county,
8 undersheriff. However, in counties with a population of 500,000 or more the
9 appointment of an undersheriff is optional. In counties where the sheriff's
10 department is under civil service, the sheriff, in conformity with county ordinance,
11 may, at the request of the affected deputy, grant a leave of absence to a deputy sheriff
12 who the sheriff has appointed undersheriff, or to any other position in the sheriff's
